# MODEL TS/8 RADIO LOCATOR PROBE

## FOR USE WITH 505 GO-FER LOCATOR

Hand held probe for use with Model 505 Receiver.

The addition of the TS/8 Probe to the Model 505 Pipe & Cable Locator kit gives the operator a search coil much closer to the ground, saving the back strain of bending over on difficult locates.

The TS/8 also makes depth determination much easier!

Use the TS-8 Probe with the **Model 505 "Go-fer" Pipe & Cable Locator**

Works with the **Tinker & Rasor Model Mark V Ranger** Transmitter also! (for Radio frequency applications)

The Model TS/8 is very easy to use.

The single plug-in cable connector is located at the top of the handle.

The 45° bubble on the handle makes depth locating a breeze.
